Global Partnership

The market globalization is being speeded up beyond our expectation, so enterprises are charged with the mission to expand their business scope by value-added endeavours, thus enhancing their position in the marketplace.

Changing to a customer-oriented global corporation, we aim to take a pivotal role in every steps of your business process, from planning to development. This allows us to create extra values by serving as your perfect partner to facilitate your business activities.

We are proud of our globalized business power in a wide array of areas, such as metal material development, supply-based part processing, product assembling, quality assurance and product distribution.

With the continuous improvement of our work force, we look forward to making valuable contributions to today's highly information-based society.

市場のグローバル化は予想をはるかに超えたスピードで進んでいます。また、企業形態もより高くより幅を広げた付加価値を求め既存の概念を超えてその役割分担を変えて行こうとしています。

我々は今までの商社機能からお客様本位のグローバル商社への脱皮をめざし、企画、開発から参画しそれぞれのステップで我々が分担出来る役割を考え、トータルの経済活動を円滑に展開させるエクセレントパートナーとして存在価値を創造して行きたいと願っています。

金属素材開発、供給を基盤として部品加工、製品組立、品質保証、商品販売物流機能などそれぞれの分野でグローバル組織力を持って、社員一人一人の能力改善を結びつけ高度情報化社会への真の貢献が出来る道を模索しています。
